

All Run Down

THIS is a common expression we hear on every side. Unless there is some organic trouble, the condition can doubtless be remedied. Your doctor is the best adviser. Do not dose yourself with all kinds of advertised remedies—get his opinion. More than likely you need a concentrated fat food to enrich your blood and tone up the system.

Scott's Emulsion of Cod Liver Oil

Is just such a food in its best form. It will build up the weakened and wasted body when all other foods fail to nourish. If you are run down or emaciated, give it a trial: it cannot hurt you. It is essentially the best possible nourishment for delicate children and pale, anaemic girls. We will send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Dr. Barnardo, the London philanthropist, who died recently, had a startling way of protesting the papers upon his desk from the devastating tidy housemaid. He kept a couple of snakes in the waste paper basket underneath, and the scheme worked like a charm.

The world do move. Here's the president of the United States several hundred miles at sea, but in constant telegraphic communication with the national capital. What would G. Washington have thought of that.

Does King Edward think he is conferring any special honor upon the unkissed in making him a garter knight? The Son of Heaven, if must be remembered, is some pumpkin himself.

Patrick, the New York murderer, was able to stave off death for five years. Hoeh, of Chicago, would have "got his" in as many months, had it not been for charity. Patrick had money.

"Hell Roaring" Jake Smith says we need more leisure in this country. Not in this southern section, Jakey, old boy! We're too busy developing to think about loafing.

We don't know exactly what this Gaudemalen kelep is, but we trust its introduction into the boll weevil preserves will not prove another case of English sparrow.

Wu Ting-Fang denies that he is in any way responsible for the Chinese boycott, but we suspect Wu wasn't asking all those questions for nothing when he was in our midst.

"I never see Tarrogins doing anything. What's his occupation?" "His occupation? He has a second cousin that's the president of a big life insurance company."

In French, mother is "Mere" and father is "Per." In the United States mother is "Peer" and father is "Mere," and often not even that much.

It is now claimed that physical culture will develop the nerve. But why develop the nerve?

A man's superstition refuses to work when he is offered thirteen oysters for a dozen.

After stealing a kiss an honorable man is never satisfied until he returns it.

WHEN BABY IS COMING USE Mother's Friend

Woman's greatest dream of beauty and glory is when nature has chosen her to become a mother. Every faculty is keenly alert as she foresees the joy, ambition, success and the life-long satisfaction coming nearer, day by day, in the dear and innocent being so soon to see light, and the uncertainty whether she shall see a sweet girl or a brave boy face beside her on the pillow adds zest to her expectancy. Mother's Friend applied externally throughout pregnancy will relieve the pain of parturition, and no mother and child can fail to be healthy, hearty, strong, clear complexioned, pure blooded and cheerful in disposition, who are mutually influenced by the continued use of this great liniment, MOTHER'S FRIEND.
